### Letters to the Editor/The News of Cumber...

To the Editor:

There was no vote by the people of Millville. We were not given a say with regards to building a motorsport track. We relied on you commissioners to represent "ALL" the people without influence from private business, state or county officials.

Now you want to amend the original agreement with the New Jersey Motorsports Park at a cost to the taxpayers of Millville of \$1 million. Along with the lost revenue, you want to compound the noise problem with the addition and relocation of an ATV track that will operate 10-12 months out of the year.

We need real solutions with real consequences and not "good faith" solutions with "no" consequences. Put some teeth in your agreements and not a set of dentures that can be removed whenever someone feels like it.

At the very least, you should delay this vote until a viable and verifiable solution with accountability is drafted.
