

## Millville already has done too much for the racetrack

August 3, 2010

As I sit here for yet another day listening to the race cars disrupt a peaceful, beautiful day, I am hoping that the city commissioners will think of the people of Millville when they vote regarding the request from the racetrack regarding motorcycle racing.

When are the commissioners going to take a hard look at the quality of life of the people who live in Millville, instead of people who have no vested interest in Millville. The city already has done far too much for the New Jersey Motorsports Park -- such as tax abatements, land at a greatly reduced cost, running all the utilities to the track.

People who do not live in Millville hold the full-time higher paying jobs. Our downtown is not thriving. Development has not lowered our taxes, it has only lowered our quality of life. Don't make it worse by increasing the intensity and duration of the noise we already tolerate.
